Venture-Backed Startups from Silicon Valley, Boston & NYC Will Visit Carnegie Mellon to Compete for You!

Engineering and Computer Science Students: You can learn a lot fast by launching your career at a high-growth early stage company. A startup offers opportunities to work closely with exceptional people on fascinating projects where you can directly impact the success of a growing company.

A small group of early-stage startups are coming to CMU to compete for you—some of the top young technical talent in the country—for summer internships and post-graduation permanent positions.
